

Community Meetings

- [Clairemont Town](#)

Dear Overlook Heights Resident:

For nearly four years, I have been advocating the community's position on the Morena Specific Plan, however, with constant turnover in the Planning Department, the message was not addressed appropriately. I want to personally thank those of you who provided our office with input and comments. Together, we were successful in requesting Mayor Faulconer revisit the plan and direct the Planning Department to listen to all concerns and make the necessary changes to better reflect community input.

I am pleased to let you know that the Planning Department responded and made significant changes to the Morena Specific Plan. Moving forward the plan restores Morena Boulevard to four lanes, two south and two north, to better address traffic flow. The plan also calls for the inclusion of a pedestrian/bicycle bridge connecting Bay Park to Mission Bay Park and finally, it clearly **removes the 100 ft. and 65 ft. building heights in the Tecolote and Morena District Villages.**

Again, thank you for participating in the process and voicing your concerns. Together, we will ensure that we develop a plan for the Morena Corridor that enhances the quality of life and benefits everyone.

It is a pleasure to serve as your Councilmember.

Sincerely,

Councilmember, District Two
